JUST ENJOY!

Your free LED starter pack

The LED elements of AREA led allow you to dim the lighting on your terrace to suit the mood. If anyone would like things a little brighter, additional elements can be easily retrofitted.

Worth EUR 1,100.00 (incl. VAT), the pack includes

- 9 AREA led modules
- Power supply unit
- Somfy io radio-controlled dimmer
- Cabling

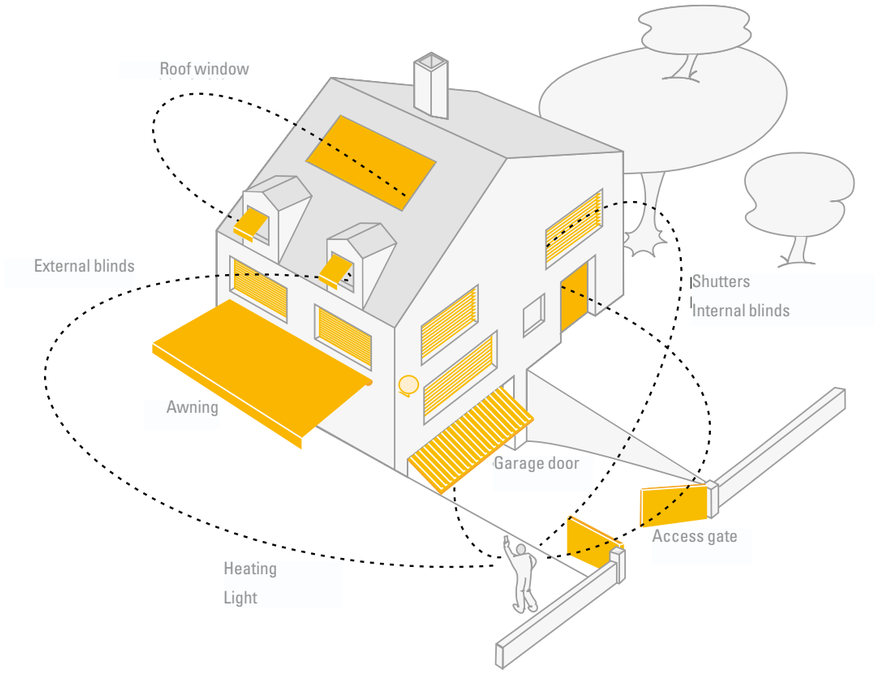
Why not integrate your sun and weather protection products into your smart home? After all, you can use the Somfy io radio control to operate your systems with lighting and/or radiant heaters easily by remote control or wall switches. Or even other control options such as a tablet or smartphone.

Convenient io radio control

You can use the Somfy io radio control to operate your lighting easily by remote control or wall switches. These are not included in the offer and can be ordered separately.

Choose the solution that's right for you and ask your specialist partner for advice on other **smart home solutions**.

SMART HOME READY
A HOME ENTIRELY TO YOUR LIKING



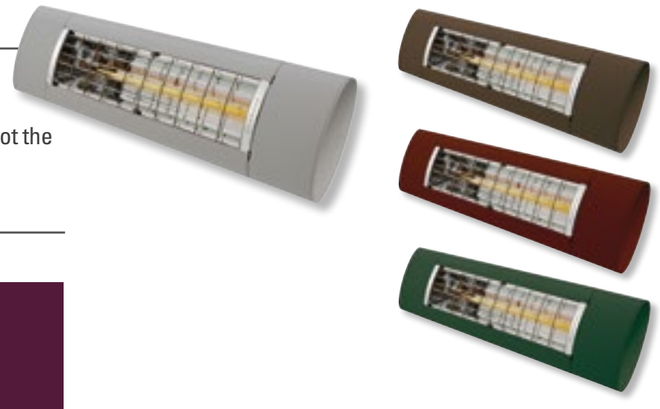
With "Smart Home Ready by Somfy", you have laid the foundation for your home of the future.

Essentially, you decide how "smartly" you want to control your home or flat. Ideally, you will start by defining the right basis that will allow you also to automate your domestic technology even further at a later date.

With the Somfy io, solutions, you enjoy the convenience of smart home controls right from the start. That makes it easy for you to decide later how much more networking, convenience and security you want to have.

Radiant heaters

Infrared heaters warm up only the body and objects, not the air – making them cheap and effective. Available in 18 LEINER LOUNGE COLOURS for no additional charge.



4 ADVANTAGES
- EASE OF OPERATION
- SECURITY
- COMFORT AND WELL-BEING
- ENERGY EFFICIENCY

„WITH THE ATMOSPHERIC LIGTHNING, OUR SUMMEREVENINGS NEVER COME TO AN END!"

A meal with friends, or perhaps a glass of red wine with your partner – with the AREA led, you can enjoy time under your terrace roof until well into the early hours.
